

COMPANY OVERVIEW

Visual Communication s.r.o.

As a full-service advertising and marketing agency based in Bratislava, Slovakia, we have been delivering creative communication, graphic design, and marketing solutions for **more than 26 years. We work with companies of all sizes - from local businesses to international corporations.**

By combining creativity, strategic thinking, and modern digital tools, we help brands communicate effectively with their audiences and achieve measurable business results.

Our comprehensive services range from creative design and branding to digital marketing, web development, and event production. Each project is approached individually to ensure we deliver the best possible solution aligned with our clients' goals.

WHO WE ARE & WHAT WE CREATE

VISUALCOM – creative studio

We create creative advertising.

For our clients, we publish, produce, promote, and communicate products and services. We create written content, static visuals, motion video, animated websites, and events – all with enthusiasm and under the motto

“Be creative”

A FEW NUMBERS

26 – the number of years we have been offering our services on the market.

We are among the longest-operating agencies in Slovakia.

12 – the number of in-house employees working for you.

9504 – the number of projects we have completed for our clients.
Each year, this number continues to grow.

9490 – the number of days we have been working for you.
Tomorrow, this number will be even higher.
